Independent Auditors' Report

To the Board of Education of
Wilmette Community Special Education Agreement

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of each fund and account group of the Annual Financial Report Form SD50-35/JA50-60 of the Wilmette Community Special Education Agreement, as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the Wilmette Community Special Education Agreement's basic financial statements as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements present fairly, in all material respects, the regulatory basis financial position of each fund and account group of the Wilmette Community Special Education Agreement as of June 30, 2022, and the regulatory basis changes in financial position for the year then ended in accordance with the financial reporting provisions of the Illinois State Board of Education described in Note 1.

Adverse Opinion U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund and account group of the Wilmette Community Special Education Agreement as of June 30, 2022, or the changes in its financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wilmette Community Special Education Agreement and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Wilmette Community Special Education Agreement on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between this regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wilmette Community Special Education Agreement input's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wilmette Community Special Education Agreement's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wilmette Community Special Education Agreement's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Information

Management is responsible for the other information included within the Annual Financial Report Form SD50-35/JA50-60. The other information comprises the financial profile information, estimated financial profile summary, supplementary schedules, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule, and deficit reduction calculation as listed in the table of contents but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022, on our consideration of the Wilmette Community Special Education Agreement's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Wilmette Community Special Education Agreement's internal control over financial reporting and compliance.

WILMETTE COMMUNITY SPECIAL EDUCATION AGREEMENT

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Wilmette Community Special Education Agreement (the "Joint Agreement") has been established as a result of a joint agreement with Wilmette Public Schools District 39 to provide special education programs to the students of the District. The Joint Agreement is a governmental entity established under guidelines provided by the Illinois State Board of Education and Illinois compiled statutes. The accounting policies of the Joint Agreement conform to the regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles accepted in the United States of America, as applicable to local governmental units of this type. The following is a summary of the more significant accounting policies of the Joint Agreement:

Reporting Entity

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Statements have been considered and there are no agencies or entities which should be presented with the Joint Agreement. Using the same criteria, the Joint Agreement is not included as a component unit of any other governmental entity.

A legally separate, tax exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization; (3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. Blended component units, although legally separate entities, are, in substance, part of the government's operations and are reported with similar funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the primary government. This report does not contain any component units.

Basis of Presentation

The accounts of the Joint Agreement in the governmental fund financial statements are organized and operated on the basis of funds and account groups and are used to account for the Joint Agreement's general governmental activities. This is in conformity with the regulatory basis of accounting as prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Fund accounting segregates funds according to their intended purpose, and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures or expenses as appropriate. The minimum number of funds is maintained consistent with legal and managerial requirements. Account Groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Measurement Focus and Basis of Accounting

The Joint Agreement has the following fund types and account groups:

Governmental Funds are used to account for the Joint Agreement's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Joint Agreement considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, expenditures for unmatured principal and interest on general long-term debt are recognized when due; and certain compensated absences, claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources and pension expenditures.

Major Governmental Funds

Educational Fund - is the Joint Agreement's only operating fund it accounts for all of the Joint Agreement's financial resources.

Certain state and federal aid and interest on investments are susceptible to accrual. Other receipts become measurable and available when cash is received by the Joint Agreement and recognized as revenue at that time.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Assets, Liabilities and Net Position or Equity

Deposits and Investments

State statutes authorize the District to invest in obligations of the U.S. Treasury, certain highly-rated commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool. Investments are stated at fair value. Changes in fair value of investments are included as investment income.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Receivables are expected to be collected within one year.

Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, there was no deferred revenue.

General Fixed Assets and General Long-Term Debt Account Groups

Account groups are used to establish accounting control and accountability for the Joint Agreement's general fixed assets and general long-term debt. The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus.

Fixed Assets - General fixed assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as expenditures paid in the Governmental Funds and capitalized at cost in the General Fixed Assets Account Group. Donated general fixed assets are listed at estimated fair market value as of the date of acquisition. Depreciation accounting is not applicable, except to determine the per capita tuition charge. Interest costs incurred during construction are not capitalized as part of fixed assets.

Long-Term Debt - Long-term debt expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. The debt recorded in the Joint Agreement's General Long-Term Debt Account Group consists of serial bond issues, long-term debt retirements payable, and any other evidences of indebtedness.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Data

The budgeted amounts for the Governmental Funds are adopted on the modified accrual basis, which is consistent with accounting principles generally accepted in the United States of America.

The Board of Education follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

1. The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
3. Prior to September 30, the budget is legally adopted through passage of a resolution..

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - (CONTINUED)

4. Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education, after following the public hearing process mandated by law.
5. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
6. All budget appropriations lapse at the end of the fiscal year.

The budget amounts shown in the financial statements are as originally adopted because there were no amendments during the past fiscal year.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

1. The contract must be coded to one of the combinations listed on the icon below.
2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

[Indirect Cost Rate Plan](#)

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2024.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Enter Contracted Company Name (Column C)	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	Contract Amount Applied to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)

1	DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)					
2	<i>Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2023 annual budget to be amended to include a Deficit Reduction Plan and narrative.</i>					
3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	- If the FY2023 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.					
5	- If the Annual Financial Report requires a deficit reducton plan even though the FY2023 budget does not, a completed deficit reduction plan is still required.

INSTRUCTIONS/REQUIREMENTS: For School Districts/Joint Agreements

SINGLE AUDIT WORKPAPERS

In an effort to accommodate the increased reporting requirements for School Districts/Joint Agreements, the Single Audit workpapers are no longer required to be submitted by the Annual Financial Report (AFR) due date. School District / Joint Agreement Single Audits are due in accordance with 2 CFR 200.512(a).

All School Districts / Joint Agreements that have Federal grant expenditures greater than \$750,000 should use the workpapers found in the "Single Audit Workpaper Template" on our website at www.isbe.net/gata or via direct link:

[Single Audit Workpapers](#)

GATA REQUIREMENTS

All School Districts/Joint Agreements must also complete GATA reporting requirements on the GATA Grantee Portal (<https://grants.illinois.gov/portal>)

- 1) Audit Certification Form
- 2) Consolidated Year End Financial Report (with in-relation to opinion)
- 3) Audit Package Submission
- 4) Data Collection Form (NOT REQUIRED FOR SINGLE AUDITS)

Guidance for completing the GATA reporting requirements can be found on our website (www.isbe.net/gata) under the "What's new?" banner, or via the link below.
