

MS. GAWENDA

My name is Haley Gawenda and I am so excited to start my 4th year as a Learning Behavior Specialist (LBS) in 6th grade. I received my Bachelors degree from The University of Iowa in both Elementary Education and Special Education, and am one semester away from receiving my Masters degree from Concordia University Chicago in Reading.

This school year I am co-teaching in Ms. Facchini's ELA class, co-teaching in Mrs. Flintz's math class, teaching instructional math, and academic strategies.

Over the summer I spent time training for a triathlon, reading, and hiking/exploring Colorado. Outside of school I enjoy spending time with friends and family, catching up on my favorite shows, and taking George (Dog- Mastiff) for walks.

I am looking forward to getting to know your student and having another successful school year!
